Wed 10th April: Spirit Connection and Energy Awareness

27th & 28th April: Conscious Life Events Discovery Expo at Kawana Community Centre

Sun 19th May: Spirit Connection and Energy Awareness

Sun 2nd June: Training module - Forensic Energy Healing

Spirit Connection and Energy Awareness is not about learning the art of healing. It's more about self discovery. Our intent is to cover the fundamentals of energy awareness, helping you to perceive energy...helping you to recognise your guides and how they communicate with you. Understanding the basics of protection, universal laws, and perhaps exploding some new age myths. This is an opportunity for anyone exploring their journey in life. You can take these principles and apply them through life, whether you choose a path in healing or not. This workshop is a prerequisite for any future training with Mark and Chris in energy healing. Fee: \$160 paid in advance.

Forensic Energy Healing

Forensic (adjective): relating to or denoting the application of scientific methods and techniques to the investigation of crime.

Forensic Energy Healing, while not intended to solve any crime, is the application of methods to discover the root cause of a problem in a person's life. It's about asking the questions via subtle kinesiology to follow the trail of clues offered by the spirit of the client. Commonly, the cause or aggravation of many problems can be tracked back to a particular age and experience. These experiences can lead to limiting beliefs or decisions, entrapped emotions and repeating patterns. Our intent for this training is to offer the tools of interpretation, what questions to ask, and what can be done when you get to the end of the trail. This one day training is available to those who have participated in the Spirit Connection and Energy Awareness workshop. I full day of training 9:00 am to 4:00 pm; \$180 AUD.
